

## INTRODUCTION

This guide to transportation options in Morris County for disabled adults and older individuals over 60 years of age has been compiled by the Morris County Division on Aging, Disabilities and Veterans. In keeping with the tradition of “reaching out” to the disabled and senior community, we have developed this booklet as a tool to help you gain better access to the services available. By combining county, municipal and private not-for-profit sponsored transportation services in one directory, we hope that it will serve as a comprehensive guide.

We hope that this directory makes your travels through Morris County easier.

### PLEASE NOTE:

Many of the services listed in this directory require that appointments be scheduled ahead of time. Please call the service provider to determine how much advance notice is needed.

The Morris County Department of Senior, Disability and Veteran Services cannot warrant or guarantee the quality of service provided by any transportation provider.
